

HELP OUR FIGHT AGAINST SINGLE USE PLASTIC

As we begin our new school term we would like to ask for your support. Our aim is to reduce/eliminate single use plastic.

SO HOW CAN WE MAKE A DIFFERENCE?

1. We ask that you provide your child with a re-usable bottle for their daily drink.
2. We would also like to draw your attention to the amount of single use plastic that goes into your child's lunchbox. E.g. cling film, yogurt cartons, frubes, individually wrapped crackers, cheese etc.

ALTERNATIVES TO SINGLE USE PLASTICS

Compostable Paper sandwich bags as alternative to cling film/tin foil.

Compartmentalised lunch boxes require little or no wrapping.

Food storage containers are great for decanting yogurts, cereals, crackers, cheese and other food items bought in larger packs.

Thanks for your support
